

# Touch of Class

ALUMINUM & IRONWORKS

---

Dear Contractor/Developer:

I would like to take this brief opportunity to formally introduce our company in hopes of establishing great business relations with a reputable company such as your organization.

At Touch of Class Aluminum & Ironworks we specialize in design, creation and installation of high quality yet affordable Aluminum and Iron product such as fences, gates, and railings. We work hand in hand with developers, contractor, and home owners taking on any new or renovation projects in commercial and residential markets.

Our products are manufactured at our fully equipped facility where we're able to maintain constant quality control to assure you receive only the best products that we offer. Also our knowledgeable team is capable of extracting any blue print, and as needed provide shop drawings to assure accurate calculation of cost and time necessary for maintaining the integrity of project.

Please feel free to contact me at any time. I'm available to answer any questions you might have. Our company's contact info is posted on the bottom of this letter.

PS. I look forward to meeting with you and learning more about your company in the near future.

Sincerely

Hooman Mihanyar  
President
